## Schroeder Fires First No-Hit Game

Pitchers stole the spotlight as the Mic Mac Class "D" Baseball League opened another season at Stodgell Park.

Jack Schroeder twirled a seven inning no-hitter as A.K.O scored a 1-0 win over Canada Storage and Leo Innocente gave up only one hit over the seven inning distance as Spee-Dee Auto Wash blanked the Mic Macs 4-0.

A total of nine hits were recorded in the two contests..

Schroeder, captain of the Fratmen, retired 12 Canada Storage batters in a row before an infield error put a man on first where he remained as the hurler struck out the side. He gave up a walk in the seventh in between strike outs and got the third man on an outfield fly. Over the distance he struck out 15.

Then

Now

A.K.O. counted its runs in the fifth when Andy Nicholas drew a walk, stole second, moved to third on an infield out and came across on Ron Carley's single.

Clare parent, Mike Mallack and Richard Donaldson garnered the other safeties off losing hurler Don Sawchuk.

Innocente was only one batter away from a no-hitter when Skeeter Hill slapped a single to left. He struck out eight and walked two.

The Auto Washers touched Paul Might for two hits and took advantage of four errors in the second inning to count all their runs.

Len Parent had a double and single and Innocente aided his own cause with a double.

### What is Living Organ Donation?

Unfortunately, there are currently not enough organs donated by deceased donors to meet all of the needs of patients awaiting an organ transplant. Therefore, over the last few years, transplant surgeons and other members of transplant teams throughout the country have developed new techniques and procedures to save more patients' lives through living donor transplants. It is now possible for a living person to donate a kidney, a portion or their liver, a portion of a lung and in some rare instances
